High Points:

Advanced Hardware and Intelligent Design:

Equipped with a Linux-based T507 automotive-grade chip (4-core CPU, 1.5 GHz, 1GB RAM + 4GB ROM) for stability and longevity. Upgrades mechanical dashboards to a 12.3-inch HD screen (1920x720) with a seamless fit for modern vehicles.

Customizable and Intuitive Operation:

Operated via steering wheel controls for tasks like resetting trip counters, switching displays, adjusting brightness, and accessing menus. Offers 4 driving theme styles (Digital, Classic, Aviation, Sport) with customizable options for colors and display content.

Comprehensive Data and Multi-Function Display:

Displays vital data such as speed, RPM, fuel consumption, transmission/oil/water temperatures, compass, tilt angles, and steering wheel position. Provides real-time alerts for mileage, fuel levels, malfunctions, and system warnings to enhance smart driving.

User-Friendly Installation and Wide Compatibility:

Plug-and-play installation with a fast 2-second startup and no activation required. Retains original car functions (e.g., ACC, lane keeping, tire pressure) and supports multiple languages, including English, Chinese, Spanish, and more.

More Specifications:

Real-Time Data Display	Speedometer: Digital display of current vehicle speed
	Tachometer: Engine RPM display for optimal acceleration control
	Fuel Consumption: Real-time fuel usage statistics
Multi-Function Display	TPMS: Tire pressure monitoring system display
	Engine Metrics: Displays oil temperature, water temperature, and battery voltage
	Vehicle Stats: Shows vehicle tilt angle, ambient temperature, and mileage
Vehicle Status Alerts	Door Reminders: Notifications for open doors, tailgate, and hood
	Warnings: Alerts for low fuel, maintenance issues, and system malfunctions
Special Features	Built-in Compass: Provides directional navigation
	Car Body Posture Display: Shows front and back tilt angles for improved driving awareness

	Power Transmission Status: Intuitive display of four-wheel drive status
Language Support	Supports multiple languages, including Simplified Chinese, English, Russian, Japanese, Arabic, Spanish, and German
