High Points

Advanced Intelligent Cockpit

Features the latest Linux system (T507) with a 4-core CPU (1.5GHz), 1 GB RAM, and 4 GB ROM, along with an 11-inch high-definition display (1920 x 720) for seamless integration in BMW 1 Series E87 models.

Intuitive Steering Wheel Control

Allows drivers to operate various functions via steering wheel buttons, making it easy to reset trip counters, switch displays, and access menus without distraction.

Customizable User Interface

Offers four driving theme styles (Digital, Classic, Aviation, Sport) with personalized settings for colors and display content, enhancing user experience.

Comprehensive Vehicle Monitoring

Displays critical metrics such as speed, RPM, fuel consumption, and vehicle status alerts, while maintaining compatibility with original vehicle functions and ensuring easy plug-and-play installation.

More Specifications:

High-Definition Digital Display	Upgrades to an 11-inch screen with a resolution of 1920 x 720 for improved visibility
Steering Wheel Control	Facilitates intuitive operation of functions like resetting trip counters, switching displays, and adjusting settings through steering wheel buttons
Customizable UI Themes	Provides four driving styles (Digital, Classic, Aviation, Sport) with options for personalized colors and display content
Speed and RPM Monitoring	Displays real-time vehicle speed and engine RPM for better performance management
Real-Time Fuel Consumption Tracking	Shows live fuel consumption data to aid in efficient driving
Multi-Function Data Display	Presents various intelligent metrics, including transmission and oil temperatures, ambient conditions, and vehicle tilt
Warning Notifications	Alerts drivers about vehicle mileage, remaining fuel, and system malfunctions for timely action
Original Vehicle Compatibility	Supports original vehicle functions and data, including adaptive cruise control and lane-keeping features
Easy Plug-and-Play Installation	Quick installation process with a start-up time of under 2 seconds
Multi-Language Support	Available in multiple languages to accommodate a diverse user base
