High Points

Intelligent Cockpit Solution

Features the latest Linux system (T507) with a 4-core CPU (1.5GHz), 1 GB RAM, and 4 GB ROM, upgraded to a 9-inch HD digital instrument panel (1920 x 720) for seamless integration in BMW MINI models.

Intuitive Steering Wheel Control

Allows drivers to operate various functions easily through steering wheel controls, including resetting trip counters and switching displays, ensuring minimal distraction.

Customizable User Interface

Offers four driving theme styles (Digital, Classic, Aviation, Sport) with options for personalized settings, enabling drivers to create a unique dashboard experience.

Comprehensive Vehicle Monitoring

Displays essential metrics such as speed, RPM, and fuel consumption, along with system alerts and compatibility with original vehicle information, all while ensuring easy plug-and-play installation.

More Specifications:

Intelligent Cockpit Integration	Upgrades the original mechanical instrumentation to a 9-inch high-definition digital display (1920 x 720)
Steering Wheel Control	Enables intuitive operation of various functions, including resetting trip counters and switching driving modes
