High Points

Intelligent Cockpit Solution

Features the latest Linux system (T507) with a 4-core CPU (1.5GHz), 1 GB RAM, and 4 GB ROM, upgrading the original instrumentation to a 12.3-inch high-definition display (1920 x 720) for seamless integration in Mercedes-Benz C-Class W204 models.

Intuitive Steering Wheel Control

Allows users to operate various functions easily via steering wheel controls, including resetting trip counters and switching displays, enhancing driver focus and safety.

Customizable User Interface

Offers three driving theme styles (Classic, Sport, Off-road) with options for personalized settings, enabling drivers to create a unique dashboard experience.

Comprehensive Vehicle Monitoring

Displays key metrics like speed, RPM, and fuel consumption, along with system alerts and support for original vehicle information, all while ensuring easy plug-and-play installation.

More Specifications:

Intelligent Cockpit Integration	Upgrades original mechanical instrumentation to a 12.3-inch high-definition digital display (1920 x 720)
Steering Wheel Control	Facilitates intuitive operation of functions such as resetting trip counters and switching displays through steering wheel controls
