**Viknav 12.3 inch Digital Dash Instrument Cluster for Jeep Wrangler 2011-2017 LCD JK Digital Gauge Instrument Speedometer Replacement**

Our Product Introduction

11- 17 only for Jeep Wrangler

# See the wider world Newly upgraded LCD like dial

Make your horse herder different,Cutting edge technology, different driving experience.

Specially customized 12.3 inch LCD screen digital speedometer for 2011-2017 jeep wrangler. Upgrade your mechanical meter to digital display. One-to-one seamless design of the original car shape, personalized digital screen, enhance your driving pleasure. Equipped with Linux operating system, it abandons complex navigation and audio and video functions, making the system simpler and more stable. Fast and stable access to all instrument functions, with a 12.3-inch LCD digital display that makes dashboard functions easier and faster to read and operate.

Featuring a screen resolution of 1920\*720, every detail on the display is vivid and sharp, ensuring optimal visibility in any lighting condition. The digital cluster operates within a voltage range of 9V-16V and consumes a low operating current of 0.8A-1.5A, ensuring minimal strain on your vehicle's electrical system.

The digital cluster gauge will retain all the functions of the original gauge. You can use wrangler functions inside the gauge, such as fuel monitoring, engine diagnostics, or communication with the original entertainment system, which will be integrated into the new digital display gauge.

Upgrade your 2011-2017 wrangler with this Digital Speedometer and embrace the future of driving technology. Experience precise speed readings, easy navigation, and seamless integration with all the original functions of your vehicle. Take control of your driving experience like never before.
