High Points:

Advanced System & Performance

You'll experience fast performance with the latest Android 11, 8GB RAM, and 128GB ROM. The 12.1-inch HD touchscreen ensures smooth operation, while the high resolution (1920*720) offers a clear and vibrant display for all your media needs.

Wireless Connectivity & Navigation

You can easily connect your iPhone or Android phone with wireless Apple CarPlay or Android Auto. The built-in GPS navigation supports both online and offline maps, ensuring you have real-time traffic updates, and the split-screen function lets you multitask without distractions.

Integrated Safety & Control Features

You'll enjoy added safety with the rear-view camera, dynamic guidelines, and steering wheel controls for hands-free operation. The powerful 48-EQ sound system and Bluetooth connectivity enhance your driving experience by offering excellent audio and seamless calls.

Easy Installation & Compatibility

Installation is a breeze with the plug-and-play design, and no need to cut any wires. You'll retain all the original car functions while enjoying added features, and with multi-language support, the system is accessible no matter where you are.

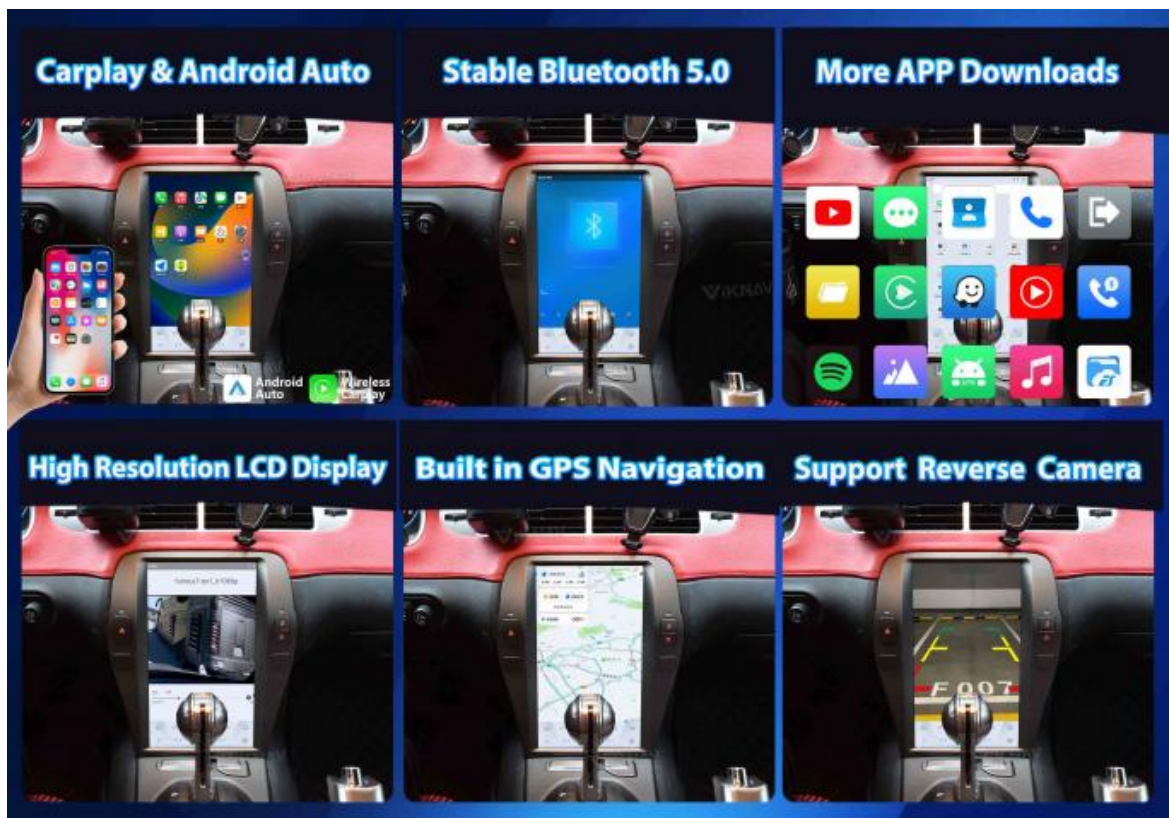

More Specifications:

Wireless Apple CarPlay & Android Auto	Connect your phone wirelessly for hands-free control, navigation, calls, and media
GPS Navigation with Online/Offline Maps	Use built-in navigation with real-time traffic updates and support for multiple map apps
Rear View Camera with Dynamic Guidelines	Automatically displays a high-definition rear view when reversing, with dynamic guidelines to assist in parking
Steering Wheel Control	Control music, radio, and volume directly from your steering wheel for added convenience and safety
Split-Screen Multitasking	Run two apps simultaneously on the screen, such as navigation and music, for efficient multitasking
Bluetooth Hands-Free Calling & Music	Answer calls and listen to music via Bluetooth, keeping your hands on the wheel and your focus on the road
48-EQ & Professional DSP Audio System	Customize your audio experience with 48 adjustable equalizer settings and surround sound patterns
Support for Mirror Link & 2 USB Inputs	Mirror your smartphone screen via USB or hotspot and use one USB for playback and the other for fast charging
SIM Card Slot & WiFi Connectivity	Insert a SIM card or connect to WiFi for internet access, real-time map updates, app downloads, and more

Multi-Language Support

The system supports up to 70 languages, including English, German, French, Spanish, Chinese, Arabic, Russian, and more, ensuring accessibility for global users

After Installation Effect Pictures
