High Points:

Powerful Performance & Seamless Integration:

Equipped with Android 13, Qualcomm Snapdragon 665 Octa-Core processor, 8GB RAM, and 128GB ROM, this device ensures smooth operation with a 13.8-inch HD touch screen, supporting 4K video and perfect integration with your vehicle.

Smart Connectivity Features:

Supports Wireless Apple CarPlay, Android Auto, Mirror Link, Bluetooth, and dual USB inputs for convenient smartphone connectivity, fast charging, and seamless display synchronization of your phone's content on the car screen.

Navigation & Internet Access:

Built-in GPS navigation with offline maps, real-time updates, and support for dual-zone functions. WiFi and 4G SIM card compatibility allow internet access, app downloads, and media streaming, enhancing your driving experience.

Enhanced Safety & Entertainment:

Original steering wheel control for easy operation, a high-definition rearview camera with night vision, and support for up to 70 languages, making it a versatile, safe, and entertainment-packed solution for your car.

More Specifications:

Connectivity & Integration	Wireless Apple CarPlay & Android Auto: Connect your iPhone or Android phone wirelessly to the system for hands-free calls, navigation, and music streaming
	Mirror Link: Mirror your phone's screen onto the car display via USB or WiFi hotspot for easy access to apps, GPS, and media
	Dual USB Inputs: One USB port for media playback and the other for fast mobile phone charging (2A)
	Bluetooth Connectivity: Stream music, make hands-free calls, and connect to Bluetooth-enabled devices
	SIM Card Slot & WiFi: Insert a SIM card for mobile network access or connect to WiFi for internet browsing, app downloads, and streaming
Navigation & Safety	Built-in GPS Navigation: Supports offline maps and real-time traffic updates through Android navigation apps like Waze and Navitel.
	HD Rearview Camera: AHD backup camera with night vision and 1080p display for enhanced safety when reversing, with dynamic guidelines for parking assistance
	Original Steering Wheel Control: Easily control functions such as volume, song selection, and radio channels directly from your steering wheel

Media & Entertainment	Multi-format Video & Music Playback: Supports MP3, MP4, AVI, FLAC, and other media formats, as well as streaming services like Spotify and YouTube
	Multi-Language Support: The system supports up to 70 languages, including English, German, Spanish, French, Chinese, and more
